NEW YORK, NEW YORK 10278

DEC 29 1988

Major Dw. Harris
NYANG
Civil Engineer
Suffolk County Air National Guard
Base
Westhampton Beach, New York 11978-1294

Dear Major Harris:

Representatives of the Environmental Protection Agency (EPA) attended a meeting on January 14, 1988 at the Suffolk County Air National Guard Base (SCANGB) to review and discuss the Draft Remedial Investigation Report for the Suffolk County Airport, Fire Training Area (FTA).

It was brought to our attention at this meeting that several other studies are being conducted in and around the base. In addition, expansion of the study to a comprehensive investigation covering the whole area of the former Air Force Base was proposed.

Nine months have passed since we sent you our comments on the FTA report. We still have not received a summary of the meeting or a response to our comments. Please be advised that EPA requests to be kept up-to-date with all studies undertaken at the Base and provide us with the status of each of these studies. We hope you will also send us the summary of the meeting with your response to our comments. All the information you supply will be appreciated.

If you have any questions concerning this matter, you can contact Galina Tsoukanova at (212) 264-6665.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Carole Petersen", is written over the typed name.

Carole Petersen, Chief
